Technical Services Department Annual Report 2010-2011
(Acquisitions, Cataloging, Collection Development, Systems & Technology,
Periodicals)

Submitted by
Debbi Dinkins
Head of Technical Services

Technical Services Department Personnel: Kai Armstrong, Library Systems & Technology Administrator; Linda Grooms, Periodicals Supervisor; Laura Kirkland, Catalog Librarian; Geri Littler, Technical Services Specialist; Ann Molohon, Continuations Specialist; Angela Story, Government Documents Specialist; Linda Zack, Acquisitions Specialist.

Table of Contents

I.	Materials Budget & Funding	1
II.	Collections	
	a. Physical Collections	10
	b. Electronic Collections	14
III.	Highlights for 2010/2011.....	15
IV.	Goals for 2011/2012 and Beyond	15
V.	Individual Reports – Cataloging, Systems & Technology, Periodicals	16
VI.	Select Processing/Activity Statistics	20
VII.	Usage Reports for Electronic Collections	22

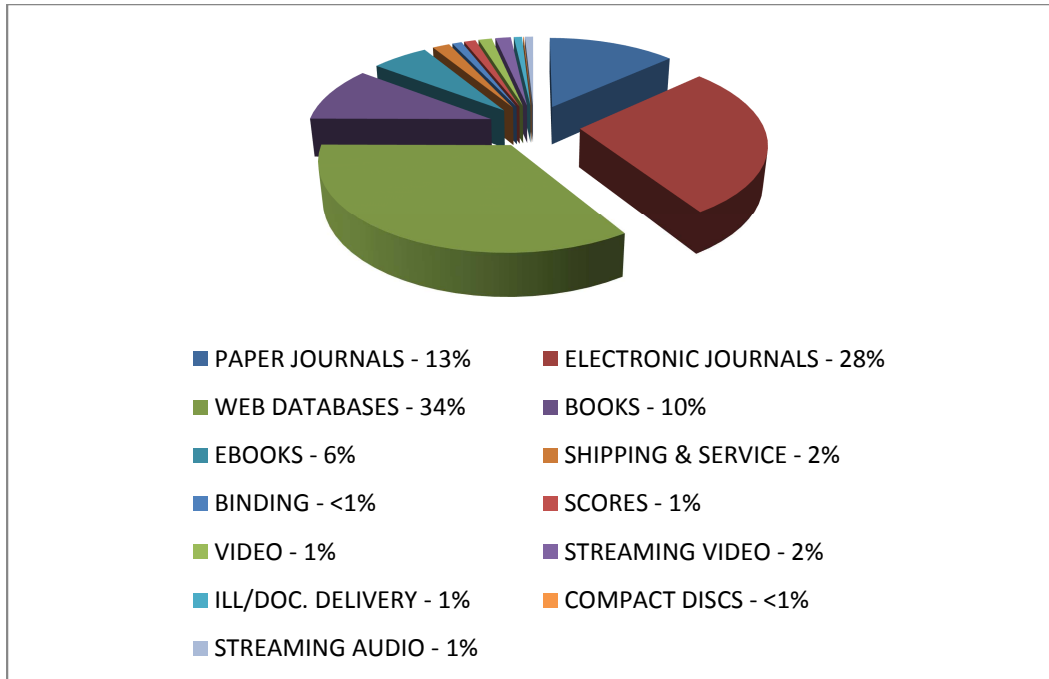

I. Materials Budget & Funding

- \$678,344 spent on physical and electronic materials for library collections -- a slight increase of \$580 from 2009/2010.
- 70.75% of total spent on electronic formats.
- 89% funded by the University, 11% funded by gift funds and endowments.
- 41.37% spent on physical and electronic journals.
- Increase in electronic subscriptions in 2010/2011 (7.45% in 2009/2010 to 28.01% in 2010/2011) and decrease in print subscriptions (32.24% in 2009/2010 to 13.36% in 2010/2011).
- 34.34% spent on databases.
- 16.27% spent on physical and electronic books.
- Only 10.35% spent on physical books.

Library Expenditures by Format Type

FORMAT	09/10 COST	09/10 PERCENTAGE	10/11 COST	10/11 PERCENTAGE

II. Collections

A. Physical Collections

- Achieved negative growth in physical book and journal collections in 2010/2011. Total volume holdings decreased by 15,252 volumes. Negative growth attributed to withdrawal of 15,318 bound periodical volumes.

DESCRIPTION	Vols. Held 6/30/09	Titles Held 6/30/09	Vols. Held 6/30/10	Titles Held 6/30/10	Vols. Held 6/30/11	Titles Held 6/30/11

III. Highlights for 2010/2011

- **Periodicals Evaluation/Withdrawal Project:** Project to withdraw bound volumes and microfiche in preparation for Music Library move to Main Library completed.
 - i. 15,318 bound volumes and 20,111 microfiche pieces withdrawn.
 - ii. Rearranged and streamlined periodicals collection with latest three years on main floor and earlier issues/volumes in basement.
 - iii. Converted over 100 print subscriptions to online subscriptions.
- **Patron Driven Acquisition (PDA) Program:** Implemented with ebrary, starting in October, 2010. Subject collections (psychology, language & literature, business) and individual requests entered in PDA collection. As of July 5, 2011, 68 titles were purchased from the PDA collection.

2010/2011 PDA Collection Statistics

Number of Titles in PDA Collection	4,435
Number of PDA Titles purchased (as of July 5, 2011)	68
Number of PDA Titles Viewed but not Purchased (as of July 5, 2011)	144
Number of PDA Titles purchased (as of July 5, 2011) that were Individual Requests from Faculty	8

- **Music Scores Processing:** The Cataloging department assumed responsibility for cataloging and processing music scores in 2010/2011 in preparation for the move of Music Library materials to the Main Library.
- **Russian Collection from Dr. Paul Steeves:** Dr. Paul Steeves donated an extensive collection of books in Russian. Most of the books were cataloged and processed in 2010/2011 and constituted a good portion of the total gifts processed.
- **Withdrawal and/or Replacement of VHS Tapes:** VHS tapes were evaluated and withdrawn in 2010/2011 because the format is obsolete for most of the library's users. When needed, DVD replacements were ordered to replace withdrawn VHS. 733 VHS tapes were withdrawn from the library's collection.

IV. Goals for 2011/2012 and beyond

- a. Inventory the M classification and CD collection after it is moved from the Music Library. (Music Library materials moved in early July, 2011.)
- b. Add Jean Wald to personnel in the Technical Services department as Research Librarian and Music Specialist.
- c. Implement Ebsco's Discovery Service as the primary searching tool for library users.
- d. Continue to examine physical journal subscriptions for transition to electronic format.
- e. Maintain zero or negative growth in physical collections.
- f. Continue transition from physical format acquisitions to electronic format access.

- g. Implement more patron-driven e-book acquisition collections through select vendors (e.g. NetLibrary).
- h. Market library database mobile applications to library users.

V. Individual Reports

Cataloging Department Report FY 2010/2011 (reported by Laura Kirkland)

Statistics:

Titles cataloged (includes government documents and recon) = 9,368

Titles originally cataloged = 161

Authority Records imported/created = 6,997

URLs corrected = 3

RUSH items cataloged and checked = 13

Items with HOLDS cataloged and processed = 36

New headings for items added = 373

Items reclassified = 27

Call numbers created = 13

Sirsi records corrected = 5

Contents notes added = 1,790

Quality check on items (items processed) = 4,286

Barcodes corrected = 1

Typographical errors/misspellings corrected = 144

Items mended = 171

These statistics represent a small part of what goes on “behind the scenes” to ensure quality control and consistency in the online catalog.

Other Projects:

The Cataloging Department has assumed responsibility for mending damaged items. Most repairs involve torn or loose pages, damaged covers, and broken spines. Adding to these general repairs, a large shifting project this summer revealed a significant number of books needing new covers and spine labels. 171 total items were repaired and returned to the collection in FY 2010/11.

The Cataloging Department also assumed responsibility for processing music scores this year. This involves gluing each score into a binder, as well as creating pockets for parts in many of them (in addition to the usual book processing steps). Due to the acquisition of several large gift collections, we generated some impressive numbers this year. 1,001 scores were cataloged and processed in FY 2010/11.

We recommenced using OCLC’s Bib Notification Service. We receive upgraded records for items we own when those records are enhanced through the addition of contents notes. Contents notes were added to 1,790 records this year, providing increased access to those library materials.

The department continues to focus attention on original cataloging of items in our collection. Department statistics reflect another increase in these numbers from the previous year (161 items this year compared to 136 in FY 2009/10). Much of this cataloging is for items in the Stetson collection, which are unique to our library. This creation of unique metadata complements the work being done in the library's digital archives collections, as access to more unique items is made available to the public.

The Department runs regular reports to search for typos and commonly misspelled words in the catalog. In the past, these reports identified 3-4 such errors each month. Since the library began adding more records for electronic resources to the catalog, this number has increased significantly. 43 spelling errors/typos were identified last year; 144 were found this year. Since most of our catalog searches are executed via keyword, it is important that these mistakes be corrected, and we continue to do so.

We continue to run weekly reports to identify New Books due to be taken off display and returned to the regular shelves after six weeks. This enables more frequent identification of missing books. As part of this process, we are now identifying those books which get taken off the New Books shelves and reshelved in the regular collection. An in-house use is recorded for each of these titles as they are identified. This means that the library will know which new titles are being used in house, even if they have not been checked out.

Inventory Project: With the help of our student assistants, we continue our inventory of the collection. Working in the M and BL-BZ classification sections, we have: reinstated 24 lost books, found 8 missing books, added 26 volumes to the catalog, corrected 75 copy numbers, corrected 54 call numbers, and corrected 10 locations. (58 items were re-labeled; these numbers are included in the departmental statistics above). We also identified 80 items which were not on the shelves. They have been marked missing and will be searched for on a regular basis.

The Library of Congress regularly updates/changes subject headings to more closely reflect current terminology. We search our catalog for these headings and update them to remain consistent with the current/changed headings. In the last year, we updated 84 LC Subject headings in our catalog and updated 1,376 corresponding bibliographic headings.

Since the Library of Congress has begun adding death dates to personal name headings on authority records, we check our database for these updated headings to correct our bib. file. In the last year, we updated 11 such authority records and 66 corresponding bibliographic headings were corrected to match the current form.

Electronic Services Report FY 2010/2011 (reported by Kai Armstrong)

Public Computers:

- Continued maintenance and service of 46 workstations

SIRSI Tasks:

- Maintenance and Troubleshooting of Integrated Library System
- Performed annual software upgrade
- Upgraded and customized OPAC

Reference Desk:

- On call reference was implemented so I no longer serve a regular shift of reference
- Supported reference librarians during their shifts with technical questions

EZ Proxy:

- Anticipated the ability to gauge database usage over the previous year, but database hosts had to be reset at several points throughout the year
- Troubleshoot configuration issues with content providers

IT Department:

- Worked to schedule updates of Library Servers
- Maintained communication lines for support of library functions between the two departments

Committees:

- Continued serving on Library's Systems Team (SWAT)
- Continued serving on Academic Technology & Computing Committee

Library Archives:

- Maintenance and upgrades of Library Digital Archives Software
- Grew content to over 100,000 items with Library Associate Director
- Provided technical support to the law school as they began moving their archives online

Mobile Initiatives:

- Research mobile applications and products for the library
- Coordinated library interactions in a University wide mobile application
