Time: MWF 9:00 am – 9:50 am
    T 9:30 am – 10:45 am
Room: Elizabeth Hall 313
Professor: Dr. Will Miles
Office: Elizabeth Hall 214-9
Email: wmiles@stetson.edu
Phone: 822-7555

Office Hours:
Monday and Wednesday: 2:30 pm – 3:30 pm
Tuesday: 1:00 pm – 3:00 pm
Friday: 11:00 am – 12:00 noon

Course Description: This course is the first course in the Calculus sequence. It introduces and examines the concepts of limits, derivatives, and integrals. The course will be challenging and to succeed, students will need to complete a reasonable amount of homework.

Prerequisite: Students should have passed MS 101, passed the precalculus exemption test, or have credit for precalculus through AP, IB, transfer credit, or dual enrollment. Any student who does not meet this requirement by August 27 will be dropped from the course.

Materials: Students should bring paper and pencil (or pen) to each class meeting and are expected to take notes. A graphing calculator is required. I’ll be using a TI-83, and that is the only calculator I promise to support.

Quizzes and Take-Home Work: Unannounced quizzes will be given at random times. The quizzes will be short and usually come from the assigned homework. Homework will include exercises from the texts as well as reading assignments. Part of every homework assignment is to read the next section of the text in preparation for the next lecture. Quizzes may include simple questions which would indicate whether the material was read. No make-up quizzes will be given. Take home problems will be assigned from time to time to be turned in. These problems are to be done independently without the help of others.

Tests: Several in-class tests will be given throughout the semester. Test dates will be announced at least one week ahead of time.

Final Exam: A comprehensive final exam will be given at the end of the semester. The exam will be cumulative and no exemptions are allowed.
**Makeup Policy:** Makeup quizzes and tests will not be given. If a student misses a test for a valid reason, the final exam score will replace the missed test. A second missed test will receive a score of zero. A student who does not miss a test will have the option of allowing their final exam score to replace their worst test score.

**Cell phones:** Cell phones and pagers should be turned off or put on “silent” prior to entering the classroom.

**Email:** I will use your stetson email address for correspondence. If you wish another address to be your primary address, then you should have your stetson email forwarded to your preferred address. You should check your stetson email address (and blackboard) at least once a day.

**Course Content (in proposed units):**

1. Sections 1.1 – 1.7, 2.1 – 2.5
2. Sections 2.6 – 2.10, 3.1 – 3.4
3. Sections 3.5 – 3.8, 4.1 – 4.5
4. Sections 4.6 – 4.9, 5.1 – 5.4

**Grading:**

- Average of in-class tests = 65%
- Average of quizzes and take-home work = 15%
- Final exam = 20%

**Grading Scale:**

- Below 60: F

**Important Dates:**

- Sept. 1: Last day to add a class and last day to drop a class without financial penalty.
- September 6: Labor Day, no classes.
- October 11–12: Fall Break.
- October 22: Last day to drop without academic penalty.
- November 25–26: Thanksgiving Holiday.
- December 9: Reading Day.
- December 14: Final Exam, 4:00 pm - 6:00 pm.

The instructor reserves the right to modify this syllabus at any time.

**Cheating will not be tolerated.** Cheaters will be punished to fullest extent allowed under the university honor code.
